NO CalFresh time limit

YES, CalFresh time limit

Client should be informed that the ABAWD rules apply to them and that there might be a time limit for how long they can receive CalFresh. Inform the client of options for meeting the work requirement including participating in workfare and community service.

*These circumstances are indicators that an individual may be unable to work 80 hours a month but are not exemptions by themselves. Further discussion about the person’s ability to work is necessary.
