FARMERS & DISTRIBUTORS

We collaborate with farmers, packers, and distributors to ensure high quality produce and protein is accessible to every Californian.

Each year our Farm to Family programs delivers **160+ million pounds of fresh fruits** and vegetables, and **8+ million pounds of protein** to community food banks.

FOOD BANKS

We stand with food banks to implement innovative strategies that meet local needs, respond to disasters, and feed our communities.

Each year our Membership Services program supports our **41 member food banks** by establishing funding opportunities, facilitating collaborations, and publishing best practices.

COMMUNITY ORGANIZATIONS

We partner with community organizations to connect hungry Californians with nutrition programs.

Each year our CalFresh Outreach program supports **50+ community partners** in their efforts to enroll and keep enrolled eligible Californians in the CalFresh program (formerly food stamps; SNAP federally).

CHANGEMAKERS

We work with changemakers in local, state, and federal government to protect and enact policies that mitigate hunger and propel California toward food security.

Each year our Policy program works on a **dozen statewide policies** and several critical **federal policies** that support and enhance the safety net.
